

CURRICULUM VITAE

Caroline E. Drolet, PhD

Email: caroline.e.drolet@gmail.com

Website: <https://drCarolinedrolet.com>

SUMMARY

As a researcher, I have a passion for solving problems. After 10 years of research experience (including graduate training) with both online and in-person data collection methods, I have developed a strong background in research design. I have designed both experimental and observational studies, utilizing largely quantitative methods for examining a variety of outcomes related to human behavior and perceptions. Statistical techniques that I have used for analyzing data include, but are not limited to ANOVA, linear regression, structural equation modelling, and path analysis. Moreover, I have learned to organize and analyze data using many different programs, including SPSS, MPlus, Amos, MatLab, and R. In addition to my statistical background, I have experience with several programming languages, including SQL, javascript, HTML, CSS, and some Python. I also have a great deal of experience using Microsoft Office products (Word, PowerPoint, Excel), including writing and using macros and field codes.

FORMAL EDUCATION

Brock University: Psychology Graduate Program (September 2014-October 2018)

500 Glenridge Ave., St. Catharine's, Ontario, L2S 3A1 Canada

Doctor of Philosophy – Social Psychology

Brock University: Psychology Graduate Program (September 2012-June 2015)

500 Glenridge Ave., St. Catharine's, Ontario, L2S 3A1 Canada

Master of Arts – Social Psychology

Albion College: Undergraduate Program (August 2008-May 2012)

611 E. Porter St., Albion, Michigan 49224

Bachelor of Arts – Psychology Major, Art Minor

MOST RELEVANT WORK EXPERIENCE

Data Analyst II, Center for Neurosciences and Spine, Virginia Mason Franciscan Health (October 2020-present): *I contribute to study design, plan analysis and data collection strategies for non-clinical projects, manage databases (e.g., keeping the complex spine database up to date and keeping stakeholders informed about progress), help with IRB submissions, write parts of manuscripts, contribute to conference abstract preparation and submission, and do the majority of statistical analysis for the research center.*

Research Associate, College of Human Medicine, Division of Public Health, Michigan State University (February 2019-August 2020): *I organized materials and hypotheses for experimental and correlational research studies, analyzed data, and wrote manuscripts. I made frequent use of MTurk and Qualtrics online survey platforms. I also made frequent use of R, SPSS, and MPlus statistics programs in my data analysis.*

Research Associate in the Dance Research Lab, Department of Child & Youth Studies, Brock University (September 2018-December 2018): *I organized materials and hypotheses for experimental and correlational research studies, analyzed data, and wrote manuscripts. I was also responsible for setting up and maintaining our online and in-person data collection protocols. I made frequent use of MTurk and Qualtrics online survey platforms. I also made frequent use of R, SPSS, Amos, and MPlus statistics programs in my data analysis.*

Program Development for Retention Grant, Department of Psychology, Brock University

(September 2017-April 2018): *I developed and updated online teaching resources based on student feedback. Using html, CSS, and javascript, I created a series of online practice tasks that students could use to study for the statistics course. Each task automatically generated a unique question*

each time the page was loaded, checked students' answers, and provided solutions when students were stuck. I was also able to use the results of subsequent exams and the record of students' use of the tasks to determine that the online resources did improve students' exam grades. I eventually uploaded all of the tasks to a website so that they were more accessible to students (<https://statisticspractice.ca>).

DATA ANALYSIS EXPERIENCE

- Experience analyzing nationally representative datasets from the US census and CDC
- I have frequently used the following data analysis programs:
 - o SPSS
 - o MPlus
 - o Amos
 - o R
 - o MatLab
 - o Microsoft Excel
- Experience with database management using SQL, Excel, and REDCap

ACADEMIC DISTINCTIONS AND AWARDS

Graduate Student Writing Award for Best PhD Thesis (Brock University, 2018)
Certificate of Academic Excellence (Canadian Psychological Association, 2018)
Ontario Graduate Scholarship (Brock University, September 2017-August 2018)
DGS Excellence Scholarship (Brock University, September 2017-August 2018)
DGS Spring 2016 Research Fellowship (Brock University, May 2016-August 2016)
Research Fellowship (Brock University, June 2014-August 2018)
DGS Spring 2013 Research Fellowship (Brock University, May 2013-August 2013)
Graduate Fellowship (Brock University, September 2012- August 2018)
International Tuition Fellowship (Brock University, September 2012- August 2018)
Conference Grant for a Psychology Project (Foundation for Undergraduate Research, Scholarship, and Creative Activity Conference Grant, Albion College, May 2012)
The Douglas Mehlhorn, M.D. Memorial Award for Outstanding Community Volunteerism (Sexual Assault Services of Calhoun County, 2012)
Heston Award for the Outstanding Senior Psychology Major (Albion College, 2012)
David K. & Patricia B. Hogberg Award for Research Excellence in Psychology (Albion College, 2012)
Magna Cum Laude (Albion College, 2012)
Phi Beta Kappa (2012)
Psychology Fellowship: Kristin D. Metalonis, '99, Memorial Annual Student Research Fellowship (Albion College, 2011)
Summer Research Grant for a Psychology Project—Foundation for Undergraduate Research, Scholarship, and Creative Activity Summer Research Grant, Albion College (June 2011-July 2011)
College Honors, Prentiss M. Brown Honors Program (Albion College, 2008-2012)
Dean's List (7 out of 8 semesters with a 3.5/4.0 or better)
Presidential Scholarship (Albion College, 2008-2012)
Art Department Scholarship (Albion College, 2008-2012)
Ballard Family Scholarship (Albion College 2009-2011)
Albion College Fellows
Michigan Promise Scholarship

Teaching activities

Course Coordinator for Research Design, PSYC 2F23, *Brock University*
(May 2018–August 2018)

Teaching Assistant for Psychology of Social Justice, PSYC 4P44, *Brock University*
(January 2018–April 2018)

Program Development for Retention Grant (developing online, interactive practice modules for the statistics course), *Brock University*
(September 2017-April 2018)

Teaching Assistant for Applied Social Psychology, PSYC 3P31, *Brock University*
(September 2017-December 2017)

Teaching Assistant for Applied Social Psychology, PSYC 3P31, *Brock University*
(January 2017-April 2017)

Teaching Assistant for Psychology of Social Justice, PSYC 4P44, *Brock University*
(September 2016-December 2016)

Teaching Apprenticeship in Research Design, PSYC 2F23, *Brock University*,
(January 2016–April 2016)

Teaching Assistant for Research Design, PSYC 2F23, *Brock University*
(September 2015–April 2016)

Teaching Assistant for Psychology of Personality and Individual Differences, PSYC 2P25,
Brock University (January 2015–April 2015)

Teaching Assistant for Fundamentals of Social Psychology, PSYC 2P30, *Brock University*
(September 2014–December 2014)

Teaching Assistant for Stress, PSYC 3P75, *Brock University*
(June 2014-July 2014)

Teaching Assistant for Psychology of Social Justice, PSYC 4P44, *Brock University*
(January 2014-April 2014)

Course Coordinator for Fundamentals of Social Psychology, PSYC 2P30, *Brock University*
(September 2013–December 2013)

Teaching Assistant for Fundamentals of Social Psychology, PSYC 2P30, *Brock University*
(September 2013–December 2013)

Registration Assistant for the Psychology Department, *Brock University*
(June 2013–July 2013)

Psychology Research Statistics Tutor, *Brock University* (June 2013–July 2013)

Teaching Assistant for Fundamentals of Social Psychology, PSYC 2P30, *Brock University*
(January 2013–April 2013)

Teaching Assistant for Psychology of Personality and Individual Differences, PSYC 2P25,
Brock University (September 2012–December 2012)

Psychology Academic Tutor, *Albion College* (September 2011—May 2012)

Teaching Assistant for Research, Design, and Analysis, Psychology 204, *Albion College*
(January 2011—May 2011)
